

LASER HAIR REMOVAL TREATMENTS

Our Lumenis LightSheer® Desire system is a state-of-the-art 805nm diode laser, that is specifically designed to remove unwanted hair faster, with less discomfort and more reliability than other hair removal methods whilst ensuring safety for all the skin types.

Treatments using repeated laser pulses target existing hair, creating a direction of energy into the hair follicles that prevent future growth.

PROFESSIONAL SKIN ANALYSIS WITH OBSERV

A skin analysis consultation now forms part of any advanced skincare treatment at Beauty Within. We are passionate about understanding our clients individual, underlying skin concerns and issues before undertaking any treatment.

Almost 80% of women don't have a realistic knowledge of their skin type & condition. The Observ Skin Analysis system bridges this gap.

By understanding our clients' skin type and its true condition, we can then recommend the best treatment plan possible.

1 Hour Consultation €70.00 *

*** Price includes skin analysis consultation and introductory skincare treatment**

Microneedling with Rejuvapen™

Rejuvenate and perfect your skin with the Rejuvapen™ Microneedling system, which is one of the most effective tools to promote and enhance collagen growth and elastin production.

Rejuvapen™ is a medical microneedling tool used to address multiple skin concerns by stimulating the body's natural healing responses. As a result of treatment, your skin produces collagen and elastin which greatly improves your skin's appearance in a number of ways.

A COURSE OF 6 TREATMENTS IS RECOMMENDED FOR OPTIMAL RESULTS.

Rejuvapen™ targets and treats the following skin concerns:

- ✓ Pore Size
- ✓ Fine lines and wrinkles
- ✓ Hyperpigmentation
- ✓ Stretch marks and scars
- ✓ Acne scarring
- ✓ Sagging & loose skin
- ✓ Dull, lifeless skin
